Hi I'm Charmaine, I am a Clairvoyant Medium and Teacher Elvis Presley is my Teacher, I also have Michael Jackson on board. In case you don't know, Michael, The case has been dismissed in front of God as he had a Split Personality. A Young Girl. And he did not have a clue what was going on. I have written a book over 20 years, one to an Entertainer, which will be brought out later, and for 12 years a Musician which I am compiling now, It tells of what I thought of my Medium Teacher, and what she ended up doing to me. Living in a Haunted House with Demons and Negative Guides attacking me day and night, for 25 yrs. trying to pull off a Steam Engine for Cars, and trying to get a Music Contract. And what about trying to get Musicians to do my Music?? , Readings over 20 years what Psychics say to me, What God and The Guardian Angels say to me? Killers after me and Rapists. And , so far, a 20 yrs courtship with an Entertainer, All I get is "Fuck Off" but I've waited 20 yrs crossed legged cause my Guides and God want me too. Read the Story, the book 5 pages a day 5 days a week, for \$5 a week. You work out The Guardian Angles and God from this book. I wrote to the Entertainer for about 10 years, because he asked me too, and never wrote back to me, He has the book as I lost the file, but hopefully some time he will come forward with the other half? The Beginning of the story. The New Age Bible, the Story. By the way, here or The After, I would like "Dinner?" From The New Age Messiah.

I think I have been hearing your sons spiritually?

I was in my sleep holding a child by the window sill; the child dropped his drawing out the window, and leaned over to catch it. I held him and said, ' you've got to think, have another Peek down there, Just a peek", He had his eyes shut and nodded "No;' then he had a peek, I said "next time "Think"

I was holding one of the boys in my arms and wanted to put him down. He began to whimper, I said "I'm hungry, got to go, and have breakfast" He then thought about it, and let me put him down. I then woke up, hungry!

Then last night I heard a child say "No sooner have you arrived, then you take off again, and with your doe?"

By the way my House was a Haunted House full of Negative Energies, and Demons for 25 yrs. That's what Elvis Presley and Norman Gunstan got in the end. And I feel sorry for Norman Gunstan living in the dark under the House, must be spooky. I would not like it!

what happens to our "Drug Fucked Hero's"? Elvis Presley is in my Spare room, My Ex sleeps outside in a blown up bed under a car port, and Norman Gunstan is under my dark dirt floor Garage under the house. Sleeping in an old car.

A Psychic I knew who got schizophrenia and is probably passed over, is living in some one 'S house on the Gold Coast cause she has to pay back everybody she ripped off as a Psychic, Most Psychics are very poor when they pass over, because I believe most of them ripp their clients off. I let a big Majority go because their energies are not right. Too, tired, too depressed, haven't eaten or been working. I can't work out of these conditions, and I bet not many would let their clients go? I may be Astra travelling soon and having fun with Elvis and travelling everywhere. Make a great movie?

Robbie Williams on Susan Carrier Face Book Carina Brisbane

I put on my web charmainesworld.com that I was going to have talks with Robbie Williams. About a year later, after putting posts on his face book he talked to me from about 8 pm that night till about 11 am the next day I had a Robbie Williams on my face book and kept writing to him, he never wrote back, but I'm use to that. Any way I found out he had not been receiving my mail over the years, and my messages somehow were on my face book, personal page. So good for me! I have left them there. It might be interesting reading and it tells a story for about 10 years or more Robbie Williams has been on The Spirit Plane with me, in my sleep. but I think he has a lot of issues, and is trying to make his marriage work And by the way you are "The Best" And My Guides, God and Me are chasing you Yes God likes you, He even gave you everything didn't he ? And now you got "The Virgin Mary" The New Age Messiah, if I can pull it off.

You're a boy with good looks, but what you have done to your hair is shit, I would buy another brush, if I was you? The hairdresser is trying to impress you, but she/he can't think straight.

Buy another brush, that person will never see straight, I think you will get the drift soon and go elsewhere.

Don't be disappointed if nobody buys your records soon, they are looking elsewhere, the divine, but when they see your book let and what is in store for you, they will be back. You're in the good books with the Lord too, He would buy your book, and he is...

Your telephone doesn't ring, nobody calls, they can't be bothered, it will hit your hard this Christmas, and they have all gone elsewhere, don't want to know you? I'm sorry to say but they could not really care, you've got your children any way and they mean the world to you. Ricky you are better off having no friends, they only use you, and they do, want Readings all the time and hand outs, get rid of them "Greedy bunch" I know you need friends, but really do you?

The trolley is full of groceries, but no candy, you have put those children on a healthy diet,

Poor kids, you do spoil them but boy are you hard on them. Go on buy them a ice cream.

The lounge room looks good, all done up for Christmas, and Santa coming. Watch TV, mate cause it looks like its pouring down with rain.

Commercials are coming, may be a co lone.

007, what a knock out, the boys will love ya,

With a gun and all the girls, and make up too.

This will surprise people.

They are looking at you and a hot number with it too. Go do it, you will be remembered for a long time, because of it. It's a Musical 007.

Will bring the house down! By December you will know of it.....?

Now you know who it is, don't you?

It's your father, actually I brought that Hairdresser to you, I was not happy with the way you looked, too many admirers and it was changing your attitude. Now she is gone, you look better, and you have calmed down about yourself, well and truly been kicked in the teeth, He or she walked away too. Could not stand ya?

Well I got news for you, there's a new relationship on the horizon, 007, about that time. Wears a bikini, you got a lot of explaining to do, haven't you? She's not your usual type, has not been with many men, and may be one or two.

She loves you dearly, May be marriage, you two will never part.

Get a bus and travel the world, so much going on...

You will not come home in a hurry, children growing up and a beautiful relationship, will bring tears to your eyes, she's so beautiful and no makeup, just natural. Well I could not have wished for better, you say to yourself.

She's in the media of such, been treated like a Muslim. Those only cows deserve!

I would write a book about that one.

You will never leave her side or cheat on her. Forever.....May be when the children are 14 yrs old, but dates are hard to say. When they are 14 yrs you will be married. Cockroaches in your ceiling,

Be careful going up there. Something to do with electronic cars! You think it's a great idea; Media are not watching you and you can play games up there all day and watch TV. Well you really haven't had a good look. You will be swamped. It's a bit like when people grow cannabis in their ceiling, that's what they get. I am not wrong I think I am right? A few lamps up there some time ago.....

Watch TV, and think it over.....

A Holiday and nobody approaches you, in Italy or somewhere. You will have a ball. No press either.

Love Alisa
